

Cloze Test

What is a Cloze Test?

A **Cloze Test** is a passage with **certain words removed**, replaced by **blanks**, where the candidate must choose the **correct word** from given options. It is a common test in competitive exams to evaluate a student's **grammar, vocabulary, and comprehension skills**.

How to Solve a Cloze Test Quickly?

1. **Read the entire passage once** to understand the context.
2. Focus on **grammar clues**: check for tenses, prepositions, articles, conjunctions, and modals.
3. Look for **collocations and sentence flow**.
4. Eliminate incorrect options by logic and grammar.
5. Read the completed sentence again to verify if it makes sense.
